Mohammad Ali Sikder Ramim

JUNIOR FULL-STACK DEVELOPER

Java | Spring Boot | Angular | PostgreSQL

Profile

Junior full-stack developer with professional training in Angular and Spring Boot through the IsDB-BISEW IT Scholarship Programme and hands-on experience building a full-stack travel booking platform. Working knowledge of Java, Spring Boot, Spring Security, REST APIs, Angular, TypeScript, PostgreSQL, JPA/Hibernate, JWT authentication, Android, Flutter, and automated testing. Interested in developing secure, maintainable, database-driven web and mobile applications.

Project Experience

Horizon — All-in-One Travel & Tourism Booking System

Full-Stack Personal Project | GitHub: Horizon Web App

Angular, TypeScript, Java, Spring Boot, Spring Security, PostgreSQL

- Built a responsive travel booking platform with Angular and Spring Boot.
- Developed REST APIs for users, services, bookings, guides and group trips.
- Implemented JWT authentication, role-based access and secure sessions.
- Integrated Gemini AI travel assistance and Leaflet guide-location mapping.
- Added payment records, commission tracking, PDF invoices and automated tests.

Horizon Travel — Android App

Android-Native App Personal Project | GitHub: Horizon Android

Java, XML, Retrofit, Gson, OkHttp, ViewBinding

- Built a native Android app for tourists, guides, service providers and admins.
- Connected the Spring Boot backend using Retrofit and role-based authentication.
- Created role-specific screens for bookings, guide services and provider workflows.

Horizon Travel — Flutter App

Flutter Cross-Platform App Personal Project | GitHub: Horizon Flutter

Flutter, Dart, Provider, Dio, Secure Storage

- Built a cross-platform travel app with tourist, guide, provider and admin interfaces.
- Integrated REST APIs using Dio and secure token storage.
- Implemented bookings, group travel, AI concierge, location and PDF reporting.

Professional Training

Full Stack Web App Development with Angular and Spring Boot

IsDB-BISEW IT Scholarship Programme

Training in frontend development, Java programming, Spring Boot, database integration, web application development, full-stack application concepts, and mobile app development with Android and Flutter.

Education

M.S. in Zoology (Fisheries)
Department of Zoology, University of Dhaka

B.S. (Hons.) in Zoology
Department of Zoology, University of Dhaka

Contact

Location
Dhaka, Bangladesh

Phone

Technical Skills

Programming
Java, TypeScript, Dart, SQL

Backend
Spring Boot, Spring Security, Spring Data JPA, Hibernate, REST APIs, JWT, Maven, Gradle

Frontend
Angular, RxJS, Signals, Reactive Forms, Bootstrap, HTML, SCSS

Database
PostgreSQL, Sqlite

Testing
JUnit 5, Mockito, Testcontainers, Vitest, Playwright

Tools & APIs
Git, GitHub, Gemini API, Leaflet, OpenStreetMap, SheetJS, jsPDF

Core Strengths

- REST API development
- Authentication & authorization
- Database-driven applications
- Frontend-backend integration
- Problem solving
- Continuous learning
- Team collaboration

Career Interests

Junior Full-Stack Developer
Junior Java Developer
Spring Boot Developer
Angular Developer
Mobile App Developer
Software Engineer
